Pathways Family Fun Day in the Park/Forum

Developmental Pathways hosted a Family Fun Day in the Park/Forum on September 12, 2009. With guests pouring in around 11:00 am there was a constant flow of people ready for a lively day.

Family Fun Day was in full swing with lunch being served, Exceptional Kids Club leading four game stations, volunteers from Highlands Ranch Community Association assisting with the games, and families networking with one another.

The children were delighted to have Skiddles the Clown entertain them with face paint and balloon art. They were transformed into beautiful butterflies, Spiderman, puppy dogs, and just about anything you could imagine.

Executive Director, John Meeker, spoke to the crowd about changes at Pathways and the latest developments, and concluded with a question and answer session.

Nearly 250 people attended Family Fun Day in the Park and the lucky winner of the drawing for an iPod shuffle was Matt Shankle. Pathways hopes you will join us next year for Family Fun Day/Forum as we plan for a much larger crowd!

Jack smiles for the camera with his big brother Thomas, who has a spider and webs painted on his face.

Geno, Matt and Alexandra take a break from the games to pose for the camera with their new iPod shuffle.
